WATER SERVICES

Potable Grade Tank Rentals

These come in 5 main sizes and include the necessary parts for use on playa (full breakdown on pricing page). Electricity to plug pump into not included.

The tank must be within 40' of a road.

The stats for the pumps, details on the hookup valves, etc. are available upon request.

RV Potable Water Fills

In 2026, Temen has decided to move away from hand filling RVs, as has been our process for RV services in the past. We are now offering tanks that have RV compatible hardware and longer hoses so that camps can self service their RV's.

Bulk Water to Privately Owned Tanks and Flag Downs

We can fill privately owned tanks and accept flag downs on playa once our delivery teams have finished the pre-scheduled clients.

Due to the Burning Man Organization's rules, we only provide pre-paid, scheduled services to placed camps. We do not search for non-placed individuals across a city of 70,000 persons.

POTABLE DRINKING WATER TANK RENTALS

ONLY AVAILABLE TO PLACED CAMPS

Each tank rental includes:

- **Tank rental**
- **First fill on the tank**
- **Small electric pump**
- **10-foot potable grade hose**
- **Delivery**
- **OSS permit**
- **Pickup**

Standard pump fitting is garden hose.

STORAGE AND TRANSPORTATION SERVICES

Storage

We accept containers, semi trailers, RVs, mutant vehicles, art cars, art installations, etc. Our main Burning Man storage yard is location north of the playa technically in Gerlach, Nevada.

20' containers and a variety of sizes of semi trailers (with and without lift gates) are available for purchase through us.

Please reach out to discuss oversize or non-road legal units, or units without forklift pockets. We can install forkpockets for a fee.

Transportation

Some of our team are entering their 26th year of transporting for Burning Man! We can deliver, move, and remove units from playa. We have multiple forklifts we use on playa, and experienced CDL licensed drivers who return year after year.

Unit Purchase

We have containers and semi trailers for sale. In the case of custom units, we can source options.

Containers are sourced from the San Francisco port and transported to our Gerlach yard.

BURN TRANSPORTATION

ONLY AVAILABLE TO PLACED CAMPS

STORAGE

Our Gerlach storage yard:

- \$25/ linear foot *NEW 2026 Pricing*
 - (ex: 20' unit= \$500 annual storage)
 - Oversized storage: units wider than 8' are charged \$30/ linear foot
- outdoors on gravel lot
- accessible from April to November

Our Reno-Sparks storage yard:

- has a lighted and paved workspace
- covered area with water, electrical and compressed air
- Transport to the yard is \$1,100 each trip from our yard in Gerlach. Each trip has the capacity for 2 x 20' units, and can be split between two camps if available.
- 20' units: \$100/ month
- 40' + units: \$200/ month

TRANSPORTATION

- Regional trucking for West Coast states including Nevada, California, Oregon, Washington, Idaho, Utah, Arizona year round
- Delivery and pickup for containers and trailers on playa to and from our Gerlach yard
- Staging on playa begins in early August, all units for transport must be transferred over to us by the end of July at the latest, or if you already have a unit to switch from a different storage vendor, we can collect those units on playa (contact us to coordinate)

FREQUENTLY ASKED QUESTIONS

- **How does getting our unit or rental tank work?** We have access to stage our fleet in the Outside Services (OSS) Lot leading up to the burn. Once the camp has been fully processed through official Burning Man Placement we can deliver. Either camps plan for their delivery day to be the day after a camp member is anticipated to arrive, or they call/text/WhatsApp/email that they have been placed. *When we deliver a camp member must be present, and we make sure the unit is where the camp wants it.*
- **How does pickup work after the burn?** As an OSS provider we have access to the playa during strike week and collect the units, tanks and tank attachments post exodus.
- **How does payment work?** For tank rentals and storage/transportation, we bill before the burn. If the invoice is not paid before the burn, then we do not deliver. For anticipated refills, the camps can prepay for a set number of gallons or put a card on file. For unanticipated refills or one-off requests pay via a card on file, most major payment apps (ie venmo), over the phone, or cash on playa. We do not use vouchers.
- **What if we need an additional refill of water on playa?** We ask people give us as much notice as possible, but if you contact us, we should be able to add you to the delivery list for the next day.
- **Can we visit our container/semi trailer during the off season?** Yes, we need two weeks notice, but camps may visit, reorganize, clean etc. at our Gerlach Yard from April to November. Inclement winter weather prevents access during the colder months.
